Description

Accessory Connector Bracket WA (Lowboard Series NB)

Looking for professional, maintenance-free, and safe accessories for your ready-made floating docks? The offered **Accessory Connector Bracket WA (Lowboard Series NB)** is a premium component engineered specifically for modular floating dock systems, proudly manufactured in the European Union. Sourced from certified, weather-resistant polymers and heavy-duty steel, it guarantees 100% structural compatibility with Sorfan modular docks. It is fully resistant to UV radiation, sub-zero temperatures, rot, and marine corrosion, enabling it to safely overwinter in the ice. This makes it an ideal, professional waterfront solution to enhance mooring convenience, safety railing protection, or pile anchoring on recreational marinas and private quays.

Every Sorfan connection and mounting component is designed with flexibility and ease of installation in mind. Symmetrical interlocking connections ensure the entire floating dock pier functions safely and stably even under intense wave dynamics. Through advanced engineering, these modular dock accessories effectively distribute structural stresses and eliminate the need for costly annual upkeep, painting, or impregantion typical of wood or steel.
