Safety Barrier for Modular Floating Docks Series W 2.36 m

SKU: POBARIERKA236W

Gross Price: €289.03

Net Price: €242.88

Technical Specification

Attribute	Value
Color	Grey
Material	Steel
Weight	23 kgs

Description

Safety Barrier for Modular Floating Docks Series W 2.36 m

Looking for professional, maintenance-free, and safe accessories for your ready-made floating docks? The offered **Safety Barrier for Modular Floating Docks Series W 2.36 m** is a premium component engineered specifically for modular floating dock systems, proudly manufactured in the European Union. Sourced from certified, weather-resistant polymers and heavy-duty steel, it guarantees 100% structural compatibility with Sorfan modular docks. It is fully resistant to UV radiation, sub-zero temperatures, rot, and marine corrosion, enabling it to safely overwinter in the ice. This makes it an ideal, professional waterfront solution to enhance mooring convenience, safety railing protection, or pile anchoring on recreational marinas and private quays.

Every Sorfan connection and mounting component is designed with flexibility and ease of installation in mind. Symmetrical interlocking connections ensure the entire floating dock pier functions safely and stably even under intense wave dynamics. Through advanced engineering, these modular dock accessories effectively distribute structural stresses and eliminate the need for costly annual upkeep, painting, or impregantion typical of wood or steel.

Technical Specification

Dimensions	Długość 2,36 m, wysokość barierki 1,10 m
Dry weight (mass)	16.0 kg
Purpose / Application	Safety barrier for highboard modular floating docks (Series W)
Material Sourced	Stal konstrukcyjna ocynkowana ogniowo

Key Technical Features and Benefits:

- **Premium EU Craftsmanship:** Manufactured in the EU from certified materials highly resistant to UV and impact.
- **Lake Ice Overwintering Proof:** Extreme temperature resilience eliminates the need for seasonal disassembly.
- **Seamless Interlocking Fit:** Perfectly matches lowboard (NB) or highboard (WB) floating dock series.
- **Safety and Mooring Security:** Engineered to provide absolute stability and high load-bearing performance.
